

## رسمٌ مهدى إلى الأُداب

“This cartoon is my perception about Lebanon after two days in Beirut. Of course my trip to Jordan and Lebanon is related to the Palestinians, but it's impossible to visit Beirut and not realize that this is the place where Western imperialism failed, from the French colonization to the Israeli occupation. At the same time, it's a tribute I pay to the Lebanese resistance. So please, publish that cartoon which was made specially for you.”
